Trusha Gondaliya

Software Engineer — Laravel and React Developer

+91 74359 91877 | trushagondaliya30@gmail.com | LinkedIn

Summary

Laravel and React developer with 3 years of experience delivering scalable REST APIs, billing systems, authentication flows, PDF reporting engines, and high-volume notification services. Strong expertise in Stripe billing, 2FA, FCM notifications, and performance tuning for large applications.

Skills

Languages: PHP, JavaScript, SQL (MySQL)
Frameworks: Laravel, CodeIgniter, React.js, jQuery
Frontend: React, Tailwind CSS, Bootstrap
APIs & Services: REST API design, Stripe Billing, Passport, FCM Notifications, QR Payments
Security: 2FA, Token-based authentication, Authorization
Tools: Git, GitHub, Jira, Postman, VS Code
Other: PDF generation, Reporting pipelines, Performance tuning, System architecture

Professional Experience

Software Engineer   Jun 2023 – Oct 2025
Tatvasoft, India

- Engineered 60+ REST APIs for user management, billing, reporting, and notification modules.

- Decreased API response time from 10s to 2.5s through indexing, query refinement, and caching.

- Reduced database load by 40% by restructuring queries and optimizing data-access layers.

- Applied TOTP-based 2FA, lowering login-related issues by 90%.

- Designed and deployed a Stripe-based subscription system used by 2,000+ active users.

- Developed a PDF reporting pipeline generating 200+ reports daily with stable performance.

- Boosted FCM notification delivery from 70% to 98% by improving queue and retry logic.

Major Projects

BIMS — Building Information Management System   Laravel, CodeIgniter

- Supported 5,000+ active property and tenant records with scalable backend modules.

- Integrated Stripe billing handling over INR 2,000,000 ARR with automated weekly reporting.

- Enhanced module performance, achieving up to 4x faster load times.

Art-chain   Laravel

- Built a Google Pay compatible QR payment system, reducing manual verification by 70%.

CI Platform — Content Interaction System   CodeIgniter, React

- Boosted story management performance by 50% and improved onboarding flow, reducing drop-offs by 35%.

Education

B.E. in Information Technology — L.E. College, Morbi   2019 – 2023
CGPA: 8.0

Languages

English, Hindi, Gujarati
